

KUNDAN KUMAR MANDAL

SOFTWARE ENGINEER

mandalkundan197@gmail.com | LinkedIn | GitHub | 7908118784

SUMMARY

Aspiring Software Engineer with a strong foundation in Java, Python, C++, JavaScript, ReactJS, FastAPI, and SQL. Passionate about designing and developing scalable, user-centric software solutions through clean code and efficient problem-solving. Experienced in building full-stack web applications, working with databases, version control, and modern development tools through academic and personal projects. A quick learner with strong analytical thinking, eager to contribute to innovative software development while continuously expanding technical expertise.

PROJECTS

Employee Management System

Tech Stack: ReactJS, FastAPI, Python, MySQL, Git, GitHub

- Developed a full-stack Employee Management System to manage employee records with CRUD operations, authentication, and role-based access.
- Designed RESTful APIs and integrated a MySQL database to ensure secure data storage and efficient data management

Executive Performance Revenue Analyst Dashboard

Tech Stack: Python, SQL, Power BI, DAX, Git, GitHub

- Extracted, cleaned, and analyzed raw datasets using Python and queried relational databases with SQL to uncover actionable business insights.
- Designed and deployed a dynamic Power BI dashboard utilizing custom DAX measures and Power Query to track sales trends, key performance metrics, and customer behavior.

Full Stack CRUD Application

Tech Stack: ReactJS, FastAPI, Python, MySQL, JavaScript, Git, GitHub

- Developed a responsive full-stack web application featuring Create, Read, Update, and Delete (CRUD) operations with REST API integration.
- Implemented frontend-backend communication, database connectivity, and version control following modern software development practices.

SKILLS

Programming Language: Python, Java, C, C++, SQL

Frontend Development: HTML, CSS, ReactJS

Backend Development: FastAPI, NodeJS, ExpressJS, RestAPI

Database Management: MySQL, Oracle

Tools & Technologies: Git, Github, VS Code, Linux

Data Analysis Tools: Matplotlib, Pandas, Numpy, Excel, Power BI, DAX, Power Query

EDUCATION

Sister Nivedita University - Kolkata, West Bengal

Sep 2021 - Jul 2025

B.tech in Computer Science & Engineering

CGPA - 8.0

Sushant Public School - Muzaffarpur Bihar

Jul 2018 - Jul 2020

Computer Science - Higher Secondary School

Percentage - 75

St Joseph's Convent High Senior Secondary School - Chittaranjan, West Bengal

Jul 2017 - Jul 2018

High School, Science, SST, Math, Hindi, English, Computer

Percentage - 70

CERTIFICATION

- **Certifications:** Upgrad (Data Science Engineering) - Ongoing

LANGUAGE

- **Languages:** English, Hindi
